

Ad-Aware SE Quick Guide

Run Ad-Aware weekly to keep your computer free of spyware and other nasty things!

1. Connect to the Internet (dial up users only!)

2. Double-click the AdAware icon on your desktop

3. Click "Check for updates now"

4. Click "Connect"

5. When the update is done, click "Finish."

6. Click "Start"

7. Click "Perform full system scan"

8. Click "Next"

9. Once the scan is done, click "Next"

10. Click the "Scan Summary" tab

11. Check all the boxes

12. Click "Next"

13. Click "OK"
